

APPLICATION for ICSBF – MEMBERSHIP
Status: Full (Affiliate) Member

Dear ICSBF Membership Applicant,

The International Catch'n Serve Ball Sports Federation (ICSFB) was founded in November 2023. It is a non-profit association, composed of National Catch'n Serve Ball Sports Federations and any sports associations practicing it.

Primary objects are the promotion and development of Catch'n Serve Ball sport discipline, as well as the access to team sports, in particular the sport of Catch'n Serve Ball (an easy access team sport in which the ball is caught and thrown over the net), and whose purpose is also to primarily promote equality in sport.

Full (Affiliate) Membership

If you are a National Sports Federation with the name "Catch'n Serve Ball", whose objectives are in line with those pursued by ICSBF.

You have the right to:

- Participate in voting and in elections;
- Be informed of ICSBF activities and accounts;
- Exercise any other right arising from the Articles, regulations and decisions of ICSBF.

Membership Fees:

As founders of ICSBF, we have decided that for the year 2024 no membership fees will be requested to all members.

This decision is due to the fact that the Federation was founded on a participatory approach, which means that a broad movement must first be developed that can participate democratically from the beginning in order to create the preconditions for the future of the Catch'n Serve Ball network throughout the world. Amount and payment period of the member fees for the following years shall be decided together at the 1st General Assembly.

Application – Deadline: 31st of January 2024

As all major decisions in ICSBF are to be made jointly and democratically, right from the beginning on, there will be a simplified and shortened application procedure during the initial stage/step at the very first beginning. A first General Assembly with elections for the decision-making body has to take place as soon as possible.

Therefore, all organizations that have duly submitted their applications by 31st of January 2024 at the latest and have been positively assessed, are entitled admission.

In future, the admission procedure will require a longer period of time and a control phase, but application is possible anytime. Final details are to be worked out in the 1st General Assembly. The official language of ICSBF is English.
